An uncommon combination: 38 years leading technology departments and, in parallel since 1986, teaching. The same ability to simplify, train and develop people I bring to the classroom, I bring to the teams I lead. I currently serve as CTO/CIO/DPO and Board Member at Grupo Livingtours and tutor at Universidade Aberta, while completing a PhD in Web Science and Technology at UTAD.

DEPARTMENT LEADERSHIP

- Led technology departments across 7 organizations since 1992 (Grupo Livingtours, Grupo Filinto Mota, Elastron, Ediprinter, Confetil, Facevisível, António Ferreira da Silva e Filhos), reporting directly to CEO/management.
- Technology strategy, budget, vendors and contracts; multidisciplinary teams of up to 12 people.
- Implemented cybersecurity policies and GDPR compliance — zero security incidents for 3 consecutive years.
- Led multi-company digital transformation programs and international projects in 5 countries.

TEACHING & TRAINING

- University tutor at Universidade Aberta since 2023 — Operating Systems, Information Systems Modeling and Database Management Systems.
- Trainer since 1986 (INESP, Unicenter-Joviform, Orientaris, IPLNT) — programming, advanced Office, Power BI and database management.
- Member of the ISTEC Pedagogical Council, appointed by the students' association.

PROFESSIONAL EXPERIENCE

CTO / CIO / DPO & Board Member - Grupo Livingtours (tourism) (2023 – present)
Team of 6; bookings, custom ERP, traveler app and electric fleet; Board member; DPO: GDPR and CNPD liaison.

Solutions Architecture Consultant - Hôma DsStore (retail) (Feb – May 2025)
